

## GRADE 11 / GRAAD 11

### JUNE EXAM TIMETABLE/VOORGESTELDE JUNIE-EKSAMENROOSTER

#### Important:

Timetables are provided in draft format and may change without prior notice. Always refer to the Assessment screen on the [Optimi Learning Portal \(OLP\)](#) for the most up-to-date information. Final timetables will be made available two weeks prior to the commencement of tests and exams.

- Impaq marks all Grade 10 to 12 tests and examinations.
- All tests and exams must be overseen by an SACAI-certified invigilator.
- Exam papers will be available for invigilators and linked tutors from **07:00** for the first session and **12:00** for the second session. The papers are removed from download for the first session papers at **09:10** and for the second session papers at **14:10**.
- Session 1 starts at **09:00** and Session 2 starts at **14:00** daily. The timetable must strictly be followed.
- **All completed papers MUST be uploaded to OLP** before 19:00 on the day of the exam. Please refer to subject-specific exclusions below.
- Impaq will not accept scanned question papers sent via email. In extenuating circumstances, Impaq may, at its sole discretion, allow for manual and/or email submission. The submission will be subject to pre-approval by Impaq and may carry a penalty fee.
- All rules and regulations must be strictly followed to avoid any irregularities. The full set of test and exam rules and regulations is available on OLP under *Resources > General Documents > Test and Exam timetables*
- [Click here](#) to learn more about the Impaq irregularity process. There will be no consultation with any parties involved in the irregularity until the committee has made a decision.

#### Subject-specific information:

- **CAT:** Practical files must be submitted online via the Optimi Learning Portal. After completing your assessment, save all your answer files in one folder. Rename the folder using the instructions on your question paper. Once renamed, zip the folder using the standard Windows compression tool. Upload the zipped folder to the relevant assessment on the Optimi Learning Portal.
- **IT:** Once the learner has completed the programming code in Delphi 12 they must use Notepad++, Print to Microsoft PDF each question and combine the PDFs as directed. Once they have combined the PDFs, including the barcoded cover page, submit the final PDF on OLP. (We will notify you of any changes to the submission process.)
- **Geography:** Ensure that you have access to the prescribed maps well in advance of the exam period.
- **EGD:** Due to the printing size, this question paper will be made available for download at 12:00 on the day *before* the examination. EGD papers must be submitted to Impaq in person or via courier.
- **Visual Arts and Dramatic Arts:** Practical papers must be manually submitted to Impaq in person or via courier. The theoretical papers for these subjects must be electronically uploaded.
- **Mathematics:** In line with the CAPS guidelines, no formula sheets are provided for Grade 10 & 11 Mathematics tests or exams. Learners in these grades are required to memorise all necessary formulae for their assessments.
- **Physical Sciences:** In line with CAPS guidelines, Grade 10-12 learners receive a formula sheet (data sheet) for Physical Sciences tests and exams. The data sheet is available for download from the Optimi Learning Portal (OLP) under the Welcome Lesson (Lesson 1) for Physical Sciences.
- The final date for manual submissions is **26 June 2026**. Manual submissions for any other paper not specified above will be charged at R120 per paper.

## Belangrik:

Let asb. daarop dat die roosters nog nie finaal vasgestel is nie en kan sonder voorafkennisgewing verander. Verwys altyd na die Assessment-skerm op die [Optimi Learning Portal \(OLP\)](#) vir die nuutste inligting. Finale roosters word twee weke voor die aanvang van toetse en eksamens beskikbaar gestel.

- Impaq merk alle toetse en eksamens vir graad 10 tot 12.
- Alle toetse en eksamens moet voltooi word onder toesig van 'n SACAI-gesertifiseerde toesighouer.
- Vraestelle sal beskikbaar wees om af te laai vanaf **07:00 vir Sessie 1 en 12:00 vir Sessie 2. Die vraestelle vir Sessie 1 word om 09:10 van aflaai verwyder, en vir Sessie 2 om 14:10.**
- Sessie 1 begin daaglik om 09:00 en Sessie 2 om 14:00. Die rooster moet streng gevolg word.
- **Voltooide vraestelle MOET teen 19:00 op die dag van die eksamen via OLP opgelaaai word.** Verwys asb. na vakspesifieke uitsluitings hieronder.
- Geen geskandeerde vraestelle sal via e-pos aanvaar word nie. In versagtende omstandighede kan Impaq voorsiening maak vir hardekopie-indienings, onderhewig aan voorafgoedkeuring, wat 'n boete mag dra.
- Alle reëls en regulasies moet streng nagekom word om enige onreëlmatighede te voorkom. Die volle stel reëls en regulasies vir toetse en eksamens is beskikbaar op OLP onder *Resources > General Documents > Test and Exam timetables*
- [Klik hier](#) om meer te leer oor Impaq se onreëlmatigheidsproses. Daar sal geen konsultasie met enige partye betrokke by die onreëlmatigheid wees totdat die komitee 'n besluit geneem het nie.

Vakspesifieke inligting:

- **RTT:** Praktiese lêers moet aanlyn op die Optimi Leerportaal ingedien word. Nadat jy jou assessering voltooi het, stoor al jou antwoordlêers in een gids. Herbenoem die gids volgens die instruksies op jou vraestel. Sodra dit herbenoem is, komprimeer (zip) die gids met behulp van die standaard Windows-kompressie-instrument. Laai die gekompakteerde gids op die toepaslike assessering op die Optimi Leerportaal op.
- **IT:** Sodra die leerder die programmeringskode in Delphi 12 voltooi het, moet Notepad++ gebruik word om elke vraag na 'Microsoft PDF' te druk. Kombineer dan die PDF-lêers soos aangedui. Nadat die PDF-lêers gekombineer is – insluitend die bladsy met die strepieskode – moet die finale PDF op die OLP opgelaaai word. (Ons sal jou in kennis stel van enige veranderinge aan die inhandigingsproses).
- **Geografie:** Verseker dat jy lank voor die toetsperiode reeds toegang het tot die voorgeskrewe kaarte.
- **IGO:** As gevolg van die drukgrootte sal hierdie vraestel op die dag *voor* die eksamen om 12:00 beskikbaar gemaak word om afgelaaai te word. IGO-vraestelle moet in persoon of via koerier by Impaq ingedien word.
- **Visuele Kunste en Dramatiese Kunste:** Praktiese vraestelle moet in persoon of via koerier ingedien word. Die teoretiese vraestelle vir hierdie vakke moet elektronies opgelaaai word.
- **Wiskunde:** In ooreenstemming met die CAPS-riglyne word geen formuleblaaie voorsien vir graad 10 en 11-Wiskunde-toetse of -eksamens nie. Leerders in hierdie graad moet alle nodige formules memoriseer vir hul assesserings.
- **Fisiese Wetenskappe:** Volgens die CAPS-riglyne ontvang graad 10 tot 12-leerders 'n formuleblad (datasheet) vir Fisiese Wetenskappe-toetse en -eksamens. Die formuleblad is beskikbaar om af te laai vanaf die Optimi Learning Portal (OLP) onder die Welkomles (Les 1) vir Fisiese Wetenskappe.
- Die finale inhandigingsdatums vir hardekopie-indienings is **26 Junie 2026**. Hardekopie-indienings vir enige ander vraestel wat nie hierbo gespesifiseer word nie, sal teen R120 per vraestel gehef word.
